## SUMMARY

A 32 year old casual Swede! Studying a .NET Developer education right now, my goal is to become and later work with hopefully Fullstack , Webdevelopment/Systemdevelopment. It's been 7 months of the education so far, so I have 1.5 years left.

Hoping for an internship/Workplace practicing with you!

The main reason for this is also because me and my family are , depending how i find an internship or not, moving permanent to Spain. My parents currently live permanent in Torrevieja already

The internship must last between 11 December 2023 - 26 April 2024.

## WORKING EXPERIENCE

### **Miscellaneous:**
